Emails

Set up email for this workspace. You'll need access to edit DNS records for your domain.

1. Your customer service email address

Choose the email address where you want customers to contact your company. Outgoing emails to customers will also be sent from this email address.

support@support.genspark.ai

Outgoing emails will be sent using the email author's public name and your public workspace name, for example: **Liis Saar at Genspark AI (support@support.genspark.ai)**
